**Boston Teachers Union Hall
180 Mount Vernon St., Dorchester**

With no input from working families affected by the decision, the Baker-controlled Group Insurance Commission voted to take away three Massachusetts health insurance carriers available to active public-sector employees and replace them with one Indiana-based company. Next, the GIC will be making decisions that will affect your out-of-pocket costs. ***We must act now!***

Our goals:

- To have Governor Baker's GIC **rescind its decision to eliminate insurance plans** offered by Tufts, Harvard Pilgrim and Fallon.
- To have Governor Baker's GIC **freeze out-of-pocket costs**.
- To **gain legislative support** for the public employee-backed bill that increases labor's representation on the GIC, **improving transparency** in the decision-making process.
